## INSPIRE SUMMER CAMP (06<sup>th</sup> TO 10<sup>th</sup> JUNE 2011)

**A life-long catalyzing experience for the Class XI students in science stream.**

The MIT School of Biotechnology, Bhubaneswar, Orissa is going to be organize the INSPIRE internship programme for the students of Orissa in the month of June 2011 as summer camp from 6<sup>th</sup> to 10<sup>th</sup> June 2011.

Innovation in Science Pursuit for Inspired Research (INSPIRE) is a unique program initiated by the Department of Science and Technology, Govt. of India for attracting the young talents towards advanced studies and research in basic sciences. The aim of INSPIRE is to inculcate scientific temperament in the young minds of our country and to give them a flavor of bliss ingrained in creativity. Summer camp, one among the INSPIRE programmes, will provide a forum for intensified, stimulating and brainstorming interaction between the participants and the highly esteemed scholars and mentors through lectures, lab experiments and lab visits.

### **SCOPE OF THE CAMP :**

Mentors for INSPIRE science camp are Academy Fellows, Awardees and Scientists of national & international repute. The camp will be a ground for healthy interaction between the mentors and the students through lectures related to scientific success stories and joys of innovation across all streams of science which in turn would stimulate their curiosity and attract them to pursue career in science.
